Convolved Feature

MaxPool

CNN para números

CNN en astronomía

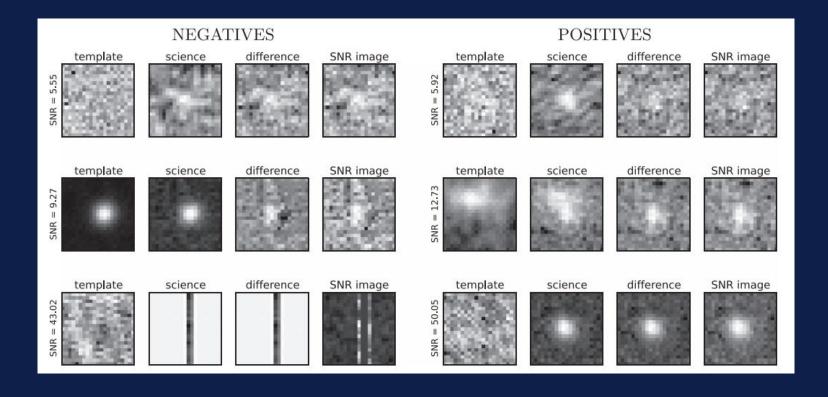

Clasificación de Galaxias (Galaxy zoo y análogos)

Dieleman+2015

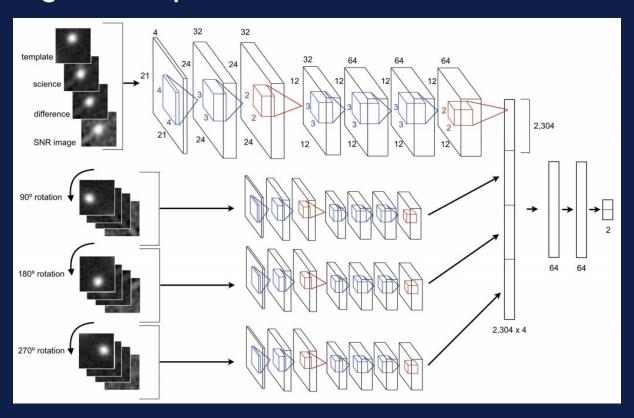

CNN en astronomía

Real-bogus stamp classification (Cabrera-Vives+2017)

CNN en astronomía

Real-bogus stamp classification (Cabrera-Vives+2017)

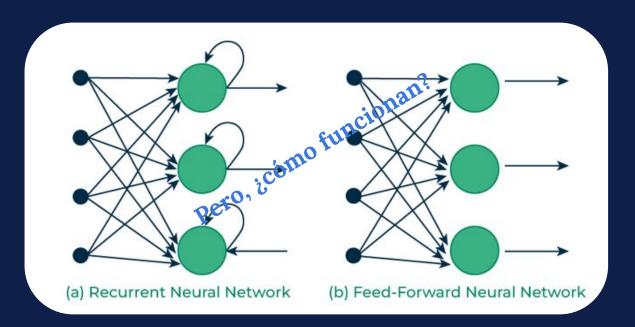

Redes neuronales recurrentes (RNN)

Buscamos resolver un problema de predicción

¿Cómo introducimos datos secuenciales en una red neuronal?

La respuesta: redes neuronales recurrentes!

Vanish Gradient / Exploding Gradients

Long Short-Term Memory (LSTM) networks

¿En que podemos aplicar RNN?

Series de tiempo

Natural Language Processing (NLP)

Generación de música

Redes generativas adversariales (GAN's)

Redes generativas adversariales (GAN's)
